Andy,

I'm attaching my comments to your letter. My edits are thoughts on the wording

Hi Jeffrey and Mark, Regions 3 and 5 are planning on sending the attached letter, asking Chemours to conduct further testing in additional areas to further identify the scope of GenX migration. We are also asking Chemours to provide us with the results of their biweekly sampling of on-site wells that are used for drinking water purposes at the site.

Do you have any thoughts or concerns with this approach and the attached letter?

Also, is there anyone in OGC that should see it?

Thanks, Andy
